

**Climate Control Solutions for Control Panels and Electrical Enclosures.** Fan Filters, Exhaust Filters, Thermostats, Hydrostats, Thermoelectric Cooling Units, Heaters and Fans.

**Manufacturer of environmentally sealed connectors and components.** Buccaneer series of IP66, IP67, IP68 and IP69K waterproof circular connectors, IEC connectors, battery holders, EMI filters, fuse holders, vandal resistant LED's, vandal resistant switches, push button switches, rocker switches and IP67 enclosures.

**Complete line of standard and custom temperature sensors.** Products include PTC and NTC Thermistors, RTDs (Resistance Temperature Detectors), Thermistor Probe Assemblies and RTD Probe Assemblies.

**High-performance LED lighting solutions with unrivaled durability,** exceptional light quality and best-in-class efficiency for rough service and spec-grade applications.

**Circuit breakers and power management solutions.** Circuit protection devices, relays and solid state remote power controllers, power management, power distribution and battery isolation switches.

**LED lighting pioneer and manufacturer since 1983,** America's Premium Brand LED Company for the Industrial Controls market, with a full line of LED Indicators for panels and equipment along with Indoor and Outdoor lighting solutions.

**Short and Large Productions of Flexible Circuits.** Flex PCB, Rigid Flexible Circuits, Printed Circuit Boards, Flat Flexible Cables and Flexible Heaters.

**Ultra-Smart Lithium-Ion Battery Technology.** Customized battery packs for all applications, Smart Battery Management System, Parallel Redundant Lithium Battery Packs, highest safety standards including IEC62133, UN38 & UL2054

**Leading manufacturer of hand tools for professional use.** Insulated Tools, electrostatic discharge, slim technology tooling, all with the highest quality on the market today.

**Innovative user interface technology,** providing capacitive touch sensors, membrane switches and specialty circuitry. XYMOX "We help the world feel your products"... **Made in the U.S.A.**

**Environmentally Safe Alloys Fluxes & Brazing Alloys for all industries.** Canfield Technologies manufactures a complete line of tin/lead alloys for many industrial applications.

**Manufacturer of electro-acoustic products** such as loudspeakers, piezo buzzers and magnetic buzzers.

Barrier strips, connectors & headers, DIP switches, surface mount test points and terminal blocks.
